

Lean Leaders  
**LLX**  
 Exchange

April 15-17, 2008  
 WIKA Instrument Corporation  
 Atlanta, GA  
*Lean Leadership Conference*

**Lean Leaders Exchange**

A lean leadership conference for senior-level practitioners responsible for enabling lean success through leadership and culture.

**Who Should Attend:** Senior-level continuous improvement managers and champions who have been on a LeanSigma® journey for three or more years and are looking to build leadership skills and drive cultural transformation.

**What to Expect:** Lean Leaders Exchange provides seasoned lean practitioners an opportunity to take their lean initiative to the next level. The three days will include in-depth breakout sessions, interactive roundtable workshops, networking opportunities, and a plant tour of WIKA's highly-developed lean enterprise.

Keynote address from Dr. Jeffrey K. Liker, international best-selling author of *The Toyota Way*.

LeanSigma®  
**KPO**  
 Exchange

September 23-25, 2008  
 Vermeer Manufacturing  
 Des Moines, IA  
*Lean User Conference*

**LeanSigma®/Kaizen Promotion Office Exchange**

A lean user conference for mid-level managers and leaders managing the daily implementation of lean inside their organizations.

**Who Should Attend:** Managers and leaders responsible for LeanSigma implementation inside their organizations. Attendees should be familiar with lean and looking to learn the latest LeanSigma tools and techniques.

**What to Expect:** LeanSigma/Kaizen Promotion Office Exchange provides an intimate and informative forum for LeanSigma users to network and learn. The three days will include best-in-class case study presentations, a deep-dive on LeanSigma tools and methodologies, interactive roundtable workshops, networking opportunities, and a plant tour at Vermeer where you can observe lean tools in use and understand their role in supporting Vermeer's lean culture.

Keynote address from Bodine Balasco, voted one of the Top 21 Speakers for the 21st Century by *Successful Meetings* magazine.
